

Jose Vazquez  
Consultant

Jose Vazquez joined the GCI team in 2015. He is a Consultant/Project Manager working on new construction and existing projects. His field performance revolves around inspecting, testing and consulting on glazing and waterproofing systems, concrete remediation projects and other building envelope matters.

Mr. Vazquez is an Engineer in Training (EIT), graduated from an ABET-accredited university where he earned a civil engineering degree. He has experience in construction projects, construction safety and engineering design & drafting.

Mr. Vazquez possesses advanced analytical capabilities, is fully bilingual in English and Spanish, and is a dynamic self-starter with excellent teamwork principles. His strengths include frontline leadership, determination, responsibility, quick learning and problem solving abilities.

Additionally, in 2016 Mr. Vazquez became GCI's first official FAA certified drone pilot for the AirGCI program.
